

94. NUTRITION

We support:

1. USDA efforts to expand the use of dietetically wholesome and nutritious foods in all school meals and other nutrition programs and shall not be limited to locally-grown or organic production.
2. Renaming high fructose corn syrup to corn sugar.
3. Greater flexibility with the National School Lunch and Breakfast programs to ensure local school districts are able to determine how to meet the nutritional needs of their students.
4. Equal access of pasteurized dairy products, including whole milk, by the USDA national school lunch program and by the armed forces.

We oppose:

1. Financial penalties on local school districts for serving meals that do not meet current federal mandates in the National School Lunch and Breakfast programs.
