Warren-Henderson (W-H) Farm Bureau is continuing to evaluate nitrogen in a cover crop and strip plot, with the help of University of Illinois (U of I) researchers. At this field day, researchers from U of I and Illinois NRCS will share information about cover crops, phosphorus research, and soil health. The field day will conclude with a panel discussion to share farmer experiences with cover crops.

PRESENTERS:

Gina Long, Manager, Warren-Henderson Farm Bureau – Welcome
Austin Omer, Associate Director of Natural Resource Policy, Illinois Farm Bureau (IFB) – Illinois Farm Bureau Nutrient Stewardship Efforts
Jacob Baker, Host Farmer and W-H Young Leader Committee Chair, and Chelsea Harbach, U of I Extension, Northwest Illinois Agriculture Research and Demonstration Center – Plot Updates and 2020 Data

Stacy Zuber, Soil Health Specialist, Illinois NRCS – Soil Health Considerations of Cover Crops
Dr. Andrew Margenot, Assistant Professor, Department of Crop Sciences; U of I College of ACES – Phosphorus Research in Illinois

Cover Crop Farmer Panel:
Chad Bell, Mercer County
Brian Corkhill, Henry County
Colby Hunt, McDonough County

LOCATION:
1698 50th St., Kirkwood, IL 61447

RSVP:
RSVP by Friday, August 20th to the Warren-Henderson Farm Bureau by calling (309) 734-9401

DETAILS:
Lunch will be served after the program.
