## Nutrient Stewardship Field Day

T U E S D A Y

**APRIL 5**

10 A.M. – 12 P.M.

RAIN OR SHINE

Washington County Farm Bureau (CFB) is hosting a spring field day as part of their multi-year cover crop project. Through active collaboration with Gateway FS, local farmers have been evaluating different cover crop practices, such as planting cash crops into existing green cover crops, otherwise known as “planting green”, compared to terminating the over-wintering cover crop ahead of planting. Partners have also evaluated soil health through soil testing throughout the growing season and tissue tests to evaluate crop health.

### PRESENTERS:

#### Gale Koelling

*President, Washington  
County Farm Bureau (CFB)*
